

PRESS RELEASE

**CYBEROO LANDS IN CALIFORNIA,
AGREEMENT SIGNED WITH FREEDCAMP**

**The Italian company specialized in cyber security
called into the most high-tech district in the world to provide its
services**

Reggio Emilia, 29 January 2020 - Cyberoo S.p.A., an innovative SME listed on the AIM market of Borsa Italiana, specialized in cyber security for businesses, signs an agreement with **Freedcamp**, owner company of the homonymous and innovative **project management software**, founded in 2010 by Angel Grablev, which today boasts customers like Google, Apple, Airbnb and PayPal.

The agreement, lasting 5 years, sees Cyberoo offering **Offensive Security & Ethical Hacking services**, namely specialized cyber security activities aimed at carefully checking and monitoring the company's IT security levels.

The operation represents a first strategic step for the Emilian company aimed at the growth of the business also overseas, in this case at Santa Barbara in California, the most important global IT market that has seen the birth and concentration of most of the internet giants.

"The agreement with Freedcamp is an important opportunity for development and growth for us - says Fabio Leonardi, CEO of Cyberoo -, in line with our business strategy based on strategic partnerships, announced to analysts and investors during the Roadshow, and testimony of the innovation of our solutions".

The agreement also provides for Cyberoo to use the Freedcamp platform as a technological planner for optimization of internal processes, also in view of obtaining important certifications for the cyber security solutions proposed.

Cyberoo

Cyberoo, company listed on the AIM market of Borsa Italiana, is an Emilian Innovative SME specialized in cyber security for businesses, intended not only as protection of IT systems from external attacks but mainly as the creation of a real strategy capable of protecting, monitoring and managing the information of the IT ecosystem.

Cyberoo addresses the medium-sized market with a broad and deep portfolio of enterprise solutions, developed through the usage of the most advanced technologies and with a value chain that allows to offer to the market prices in line with spending capacities.
