## **COVID-19: CYBEROO CONTINUES WITH ITS BUSINESS CONTINUITY**

**The activity is considered strategic by the Anti-coronavirus Decree of March 22<sup>nd</sup>. Full Smart Working already in place in all locations in Italy and abroad**

Reggio Emilia, 23 March 2020 - **Cyberoo S.p.A.**, an innovative SME listed on the AIM market of Borsa Italiana, specialized in cyber security for businesses, continues to be fully operative in this national emergency period and announces that it will maintain its regular operations even after the latest dispositions by the Government. Its Ateco codes are in fact among those considered strategic by the Anti-coronavirus decree of 22 March.

*"Our company had already organized itself with a full smart working plan for all offices in Italy and abroad - comments CEO Fabio Leonardi - to allow business continuity, since it is precisely in such delicate moments that the cybercrime finds broad scope for action. It is therefore very important to continue to protect customers, especially those who are currently carrying out primary activities for our country".*
