MARKET IMPACTS

1

Demand for remote worker technologies has risen and gained traction as more organizations look to connect remote employees.

2

Prevailing economic conditions have led to cutting costs and maintaining liquidity. Spending on new projects has been put on hold, adding pressure to extend the life of existing products and services.

DEFENCE FOR ITALY

It was an ethical investment to bring customers closer to Cyber security, although the difficult economic scenario made it necessary to pay great attention to liquidity and cost saving. We believe that this choice will allow us to achieve the objectives in terms of the number of contracts envisaged for the current year.

CYBEROO51

Thanks to the important acquisition of resources and the implementation of new technologies, Cyberoo has enriched the cyber security offer by bringing the new Data Protection and Data Governance services to the market, entrusting them to the subsidiary CYBEROO51.

Thank you
