

PRESS RELEASE

**CYBER SECURITY “MADE IN ITALY” LANDS IN FRANCE.
CYBEROO AND THE FRENCH INTEGRA SYSTEMS COME TOGETHER
TO RESPOND TO THE GROWING NEEDS OF THE SECOND EUROPEAN
MARKET**

Reggio Emilia, 14 January 2021 – **Cyberoo SpA**, an innovative SME listed on the Italian Stock Exchange - AIM Italia, specialized in cyber security for companies, takes its solutions beyond the Alps in agreement with the **French company Integra Systems, specialized in IT solutions and digital transformation for businesses.**

Born in 2008, Integra Systems supports its customers in France and abroad for their private and hybrid Cloud architectures.

Integra Systems has been able to differentiate itself through its strong expertise over the years, also with its strong technological partnerships with particularly innovative partners. Since 2018, Integra Systems is expanding its offer with effective managed services.

The agreement, which **follows up the announced expansion plan on the European market (approved last July by the Cyberoo Board of Directors)**, has been reached thanks to the contribution of the newly established CYBEROO France division and provides for the resale on of Cyberoo cyber security solutions (CYPEER and CSI), in a context of growing cybersecurity needs of the second European continental market. This is the first partnership agreement reached with a French company, which appreciated Cyberoo's specialist skills and, above all, the monitoring, analysis and correlation service of Cyberoo's systems, managed and available 24 hours a day.

Veronica Leonardi, Executive Board Member and CMO of Cyberoo stated: *“The vast and differentiated appreciation of our innovative solutions allows us to confirm what was communicated to investors during the IPO phase. The partnership in France comes now that the distribution model has been successfully tested in Italy and is therefore replicable. We are sure that with Integra System we will be able to quickly reach a large customer base and that this will be a great stimulus for the growth of the company from the point of view of channel results for 2021 ”.*

Ian Caupène, CEO of Integra Systems, said: *“The complementarity of skills between Cyberoo and Integra Systems will allow us to respond to the challenges of our french customers for whom an european Cybersecurity is becoming a priority topic”.*

Cyberoo's **Cyber Security Suite (Cypeer and CSI)** is a **highly innovative service to protect companies from any type of cyber-attack**, even the most sophisticated and including those to remote connections typical of Smart Working.

All in a single platform that exploits artificial intelligence, Big Data and the expertise of a specialized i-SOC, for 360 ° security, 7 days a week, 24 hours a day.

Cyberoo

Cyberoo, a company listed on the AIM Italia Market of the Italian Stock Exchange, is an Italian innovative SME specialized in cyber security for companies, intended not only as protection of IT systems from external attacks but as the creation of a real strategy capable of protecting and manage the information of the IT ecosystem. Cyberoo aims to the medium-sized business market with a broad and deep portfolio of enterprise solutions, developed through the use of the most advanced technologies and with a value chain that allows it to offer this market prices in line with spending power.
