CYBEROO AND WINDTRE BUSINESS SIGN A STRATEGIC PARTNERSHIP FOR CORPORATE CYBERSECURITY SERVICES

THE AGREEMENT STRENGTHENS CYBEROO'S POSITION IN THE MDR SEGMENT AND IMPROVES WINDTRE'S SECURITY PACK WITH NEW "DETECTION AND RESPONSE" SOLUTIONS MANAGED BY SPECIALISTS 24/7

Reggio Emilia, September 6, 2022 – **Cyberoo S.p.A.**, an innovative SME listed on the EGM (Euronext Growth Milan), specialized in cyber security for businesses, and WINDTRE, through its brand WINDTRE BUSINESS, have signed a strategic partnership. This agreement will allow Cyberoo to strengthen its position primarily in the MDR (Managed Detection & Response) services segment, while also helping WINDTRE to further improve its offer in the field of corporate cybersecurity with new consultancy services on advanced cybersecurity and the constant monitoring of technological infrastructures.

*"The partnership signed with WINDTRE improves our opportunities for growth", explained **Davide Cignatta, Cyberoo's Channel Development Director.** "This agreement, which marks the entrance of a very important partner into our ecosystem", Mr. Cignatta added, "is perfectly in line with our development strategy which sees us supporting small, medium and large Italian companies which all share the need to have the best cybersecurity technologies".*

Thanks to this new agreement, Cyberoo, the first and only Italian company appointed as a Representative Vendor in the "2021 Gartner Market Guide for Managed Detection & Response Services", will actively help add to the Security Pack, WINDTRE BUSINESS's offer for the group's Top Quality Network companies, with the option of further increasing the security level of company networks through the MDR service. This solution includes comprehensive monitoring of internal networks and the detection of external threats, including from the Deep and Dark Web, in "always on" mode, seven days a week, 24 hours a day.

Cyberoo S.p.A.

Cyberoo, a company listed on the Euronext Growth Milan stock exchange (formerly AIM Italia) of Borsa Italiana, is an innovative Reggio Emilia-based SME specialized in cyber security for businesses, intended not only to protect IT systems from external attacks but also to implement a real strategy capable of protecting, monitoring and managing IT ecosystem information. Cyberoo addresses the medium-sized enterprise market with a broad and deep portfolio of enterprise solutions developed using the most advanced technologies and with a value chain that allows it to set prices that are in line with our customers' spending power.
