

PRESS RELEASE

**CYBEROO LAUNCHES  
“CYBEROO INCIDENT RESPONSE”,  
THE NEW APP AGAINST CYBER ATTACKS**

**Designed to make companies IT & Security managers sleep soundly, even during the dreaded summer holidays, it is the App that, in the event of a hacker attack, immediately puts the user in direct contact with a single click with the I-SOC, to prevent data breaches, malware, zero-days, phishing, and other vulnerabilities**

**The app also provides updates, reports, quizzes and training content to improve knowledge in cybersecurity**

Reggio Emilia, July, 30th 2024 – **Cyberoo S.p.A.**, Cyberoo S.p.A., innovative SME listed on the EGM market of Borsa Italiana, specializing in cyber security for enterprises, announces the launch of the new App for advanced protection, against hackers attacks, particularly feared in the summer period (but in general on weekends, during the night and holidays) when every year there is a significant increase in incidents, as many companies are less vigilant.

"*CYBEROO Incident Response*", the name of the App, is able to offer immediate and reliable support in the event of cyber incidents. In one click, a team is always ready to intervene and provide timely support.

The App, designed mainly to give IT & Security managers of companies a good night's sleep. In the event of a cyber-attack, it puts the user in direct contact in real time with the I-SOC (Information - Security Operations Center). This immediacy, simply by pressing the Black Button, the emergency button active 24 hours a day, 7 days a week. This ensures that a team of experts is always available to prevent data breaches, malware, zero-days, phishing, and other vulnerabilities by receiving detailed reports containing risks and mitigation actions in real time.

With a simple and intuitive interface, the application is also provided with a quiz to test the user security posture. It provides updates, reports and training content to improve your knowledge in cyber security, including a short initial guide. The App also shares the latest news from the world of Cyberoo, the Italian company, with MDR (Managed Detection and Response) services, to be named "*Representative Vendor*" in the Gartner® Market Guide 2024.

*"Our goal is always to protect companies and make their lives easier – said **Veronica Leonardi, CMO and Investor Relator at Cyberoo** – cyber attacks and cyber threats are always lurking and, especially in summer when there is a higher risk of distraction, the ability to react could be limited and the damage very serious. The new App responds precisely to the need for timeliness, reliability and effectiveness, which are essential for cyber security".*

The App is already available in the Android and iOS stores and can be downloaded by clicking on the following links:
