

COMUNICATO STAMPA

CYBEROO: EXPECTED BENEFITS FROM THE NEW NIS2 DIRECTIVE. THE REGULATION, WHICH EXPANDS THE AUDIENCE AND OBLIGATIONS OF COMPANIES IN THE FIELD OF CYBER SECURITY, IT IS AN IMPORTANT STRATEGIC PRIORITY.

THE COMPANY CHOICE TO FOCUS ON THE PRIVATE SECTOR, BRINGING INCREASINGLY HIGHER STANDARDS, HAS BEEN REWARDED

Reggio Emilia, October 22nd, 2024 – **Cyberoo S.p.A.**, an innovative SME listed on the EGM market of the Italian Stock Exchange, specialized in cyber security for companies, announces that with the introduction of the NIS2 directive on cyber security, the company expects significant benefits, thanks also to the choice made from the beginning to focus on the business world, bringing innovations and increasingly high standards.

Cyberoo considers the new regulation a strategic priority and is ready to seize new market opportunities. On the one hand, Cyberoo will rely on highly advanced products and services that meet the prescribed security standards. On the other hand it counts on the expansion of the perimeter of companies that will need to equip themselves with solutions suitable for combating cyber threats, also with a view on the resilience of the European economic fabric.

*"The entry into force of the NIS2 directive – declares **Veronica Leonardi, CMO e Investor Relator di Cyberoo** – will bring important benefits. We have prepared in advance and are ready to assist companies in the process of implementing all the required measures. We are confident – continues Leonardi – on the new business opportunities that we will be able to intercept, also with reference to the launch of new projects. On the Sogei case – concludes – we would like to reassure our stakeholders, that by choice, we have never worked directly with the central public administration, our focus has always been and remains private enterprise".*

Cyberoo commitment is also aimed at raising awareness on IT security issues, understood not only as purely technical but also as a strategic asset. We aim at protecting the business and the possibility for companies to operate in a secure environment that complies with current regulations.

The webinars organized to clarify the key points of NIS2 and their implications or obligations for companies also go in this direction.

Cyberoo S.p.A., company listed on the Euronext Growth Milan Market of the Italian Stock Exchange, is an innovative Emilian SME specialized in cyber security for businesses, intended not only as the protection of IT systems from external attacks but as the implementation of a real strategy capable of protecting, monitoring and managing the information of the IT ecosystem. Cyberoo addresses the midsize business market with a broad and deep portfolio of enterprise solutions, developed through

the use of the most advanced technologies and with a value chain that allows it to offer this market prices in line with spending capacity.
